

How to post video in AdoptMeApp

1) Upload video to a **YouTube** account*

** create a separate YouTube account so your AdoptMeApp videos don't lead strangers to your personal videos*

2) Make sure the video is **public***

** and don't ever take this video down*

3) Copy specifically the **share URL** for the video

4) **Paste** this URL into your story in AdoptMeApp

5) In your caption, leave a space before & after URL

6) Be sure there are no line returns in your story

7) Don't include a photo in this post*

** so the **video** is featured in the pet's Diary*

8) **Submit!**
